

1. UNDERSTAND ADMISSIONS

- Get acquainted with [High School Admissions](#)
- and how offers are made.
- Read about admissions priorities and methods in the [High School Directory](#)
- Get to know the [Specialized High Schools](#)
- admissions process.
- Read through these [answers to common questions](#)
- about the process

2. FIND PROGRAMS & DEVELOP A THOUGHTFUL APPLICATION

You are not only selecting a high school but also a program at a high school. Some high schools have several programs; some have just one.

- Research as many schools and programs as possible.
 - Use multiple resources
 - for programs offered right in your neighborhood.
 - Think about your child's special talents, strengths, and requirements when selecting programs.
 - Consider academic offerings, school culture, and travel time
 - List schools in order of your true preference.

3. STAY CONNECTED

Keep up to date on events and information from the Office of Student Enrollment. Speak to your child's guidance counselor, who will be best able to answer your questions and help you complete this process.
